

SOLIS PALAZZO RAPID STEAM

The Palazzo is the latest Super Automatic espresso machine and coffee center from Solis.

The Palazzo offers the simplicity, reliability, and gourmet quality espresso, cappuccino, latte and Americano (crema) coffee in a full-featured compact and stylish design.

Features:

- ★ Grinds whole beans and extracts perfect espresso and coffee at the touch of a button.
- ★ Steam on demand (double boiler type system), allowing for easy production of lattes and cappuccinos in just seconds
- ★ Coffee can be prepared immediately after steaming is completed
- ★ Quick and easy production of espresso drinks
- ★ Accommodates taller travel tumblers and mugs
- ★ Pressure brewing for coffee produces a rich full flavored cup with thick crema
- ★ Compact Size W11" x 14.4" x 17.8"
- ★ Built in by-pass chute allows the user to by-pass the built in grinder. This enables the user to make special coffee for special tastes. You can now enjoy regular coffee during the day and decaf at night
